WORK EXPERIENCE

Programmer

V & V Comptech Systems Private Limited

01/2023 - Present

Navi Mumbai

V & V Comptech Systems Private Limited boasts a skilled IT team specializing in Ports, Shipping & Logistics, ensuring tailored solutions.

Achievements/Tasks

- Designed interactive, responsive, and user-friendly interfaces using Angular and TypeScript, enabling seamless user interaction across devices, and integrated them with robust backends built on .NET Core.
- Developed comprehensive systems to manage operations such as vessel tracking, fleet management, and container workflows, including features for tug allocation, mooring services, delivery logging, and gate controls.
- Automated workflows such as invoice generation and operational reporting, reducing manual efforts and optimizing efficiency across various processes.
- Implemented dynamic, customizable data-driven screens and exportable reports, including financial statements, delivery summaries, gate pass details, and operational insights, ensuring precise documentation and clarity.
- Enhanced backend performance and database interactions using SQL Server and Oracle, ensuring scalability, stability, and reliability through rigorous bug fixing and performance optimizations.
- Delivered professional PDF documents, including invoices and operational summaries, with integrated reporting features that provided real-time insights into container placements, fleet data, and other key metrics.

Angular Developer

Pratham Infotech Foundation

02/2022 - 01/2023

Navi Mumbai

Pratham is a pioneering NGO dedicated to enhancing education quality in India through cost-effective, scalable interventions. It collaborates extensively with government systems and directly engages with children and youth.

Achievements/Tasks

- Developed high-performance ERP systems and portals using Angular, Bootstrap, and SQL Server, supporting Pratham's educational initiatives.
- Created and managed portals for employees, schools, and students, with dynamic charts, CRUD operations, and validated user interactions for seamless functionality.
- Enhanced user experience and website responsiveness through modern design practices and optimized content layouts.
- Contributed to improving education quality by delivering efficient web development and data management solutions.
